Niagara Supreme and County Courts are "Going Green"

In an effort to save time, money and paper, and with the support and encouragement of the State Office of Court Administration, Niagara County Supreme and County Courts will soon be communicating with your office exclusively via e-mail to provide general notices, such as information on new procedures, send copies of Court documents, request missing documentation and seek clarification on specific matters.

To this end, please designate the e-mail address(es) below that you wish to be used for these purposes. If you would like general communications to be sent to more than one address/individual, please include up to two e-mails below. Please keep in mind that all general notice e-mails from our Courts will go to the address(es) noted below; as such, you may wish to designate a "gatekeeper" in your office to receive and check these e-mails on a regular basis. Case-specific e-mails will only be sent to the involved attorney(s). **Please feel free to distribute copies of this form to other attorneys in your office.** In addition, please submit this form even if you have previously given your e-mail address to Chambers or a member of our Court staff.

Please complete this form and return it to Christian Gordon via e-mail (cgordon@nycourts.gov) or fax (716-278-1809) no later than September 6, 2011, as we will officially be "going green" on September 20, 2011.

Thank you for your cooperation!
Niagara County Supreme and County Courts
